Here's what Journey participants have to say

Tamra Watson- It is so hard to jot down a few words to describe the Journey class, it is indescribable. God becomes the focus of your every day. It challenged me to grow as a child of God and to see how much He loves me. We started out as classmates in September, February we were fast friends, and by May we had become family, brothers and sisters in Christ. If you feel led to take the class, jump in, you will not be disappointed.

Larry Stirlen (Horizon Elder) — The Journey challenged my walk with Christ, creating future life style changes I look forward to implementing. This study crystallizes our role as Christ's disciple. We are unique, significant disciples of Christ as described in our narratives, gifts, personalities designed to be used by God within the church. I enjoyed the fellowship and learning about others stories through the narratives. We have created friendships that will last a lifetime which is very precious.

Julia Arp —Journey is a wonderful experience that everyone can learn

and benefit from. The materials, experiences and sharing revealed to me that there is so much more to a relationship with God than I was currently experiencing. I have a better idea of what a relationship with God really is. Journey helped me to realize where I've been and what has shaped me into the unique person God designed me to be. Even more importantly, it showed me that God was with me each step of the way and He will always be with me. I learned about who God is, who I am and amazingly enough God wants a relationship with me and has a plan for my life.

Jason Watson — I decided to take Journey to develop a greater relationship with God. What resulted was a deeper relationship with my Heavenly Father, lifelong friends with fellow Journey members and a greater love for the church in general.

David Meier— I wanted to be involved with Journey because I was ready to go from a passive to an active relation-

ship with God. Journey helped me recognize that God has always been active in my life, and He is still working now. I would recommend Journey to anyone who is ready to learn more about themselves, learn more about God's involvement in their life, and gain a better understanding of His vision for the future.

Rachelle Meier— Being a part of the Emerging Journey group was such a great experience. It was eye opening to see how God was working in my life at those times when I was feeling so far away from him. I was able to go through the class with my husband. It brought us closer together because we shared intimate parts of our lives, as well as trials we went through that made us who we are. I am looking forward to the next Journey class and to see what other great adventures God is going to send me on.

Nancy Melhaff —Journey has been an incredible experience for me. It has taken me places in an unexpected way and helped me to realize that God knows my heart and life. The relationships developed during the class are some of the most special-probably in my lifetime-and I would not trade them for anything. One of the scariest things about Journey for me was writing my narrative and trying to see if and how God was working in my life. I honestly had never thought of God in that way and was afraid I wouldn't see Him there -but was so pleasantly surprised to see that He was! Journey was well worth the effort it took to push me to that next level of my faith and I would recommend it to anyone needing that nudge.

Marion Nielson—Last August I realized my need to grow spiritually and learn how to study God's word in an organized program. This emerging year has been a great journey. Learn-

ing how to spend time with my Lord and listen to Him rather than doing all the talking is so meaningful. I highly recommend this class to anyone who is willing to be stretched while having a good time.

Chris & Rudy Norton—The Journey will help you grow in your knowledge of the word and spiritually to have a closer relationship with the Lord. You will find out alot about yourself and you will bond and gain new friendships. We would encourage you to take the "Journey" of growing in Christ as it will be well worth the time.

Tami Wood—The Journey has brought incredible growth in my faith, relationship and love for Christ!! I had been a Christian for many years and thought I did not NEED to take Journey. I was SOOOO wrong!! I am disappointed I waited so long. If you want to get to know who you are, who God is and where you are going.....Journey is for YOU! It's an experience you don't get from casual bible study....it's a Journey you take to reveal and get to know the real you and find out....GOD LOVES YOU JUST THAT WAY!!!!

Larry Underhill (Horizon Elder) — We're all on a journey through this life. It was valuable to me to take the time with like-minded people to examine my life and get to know a few other people a whole lot better. I'd recommend the Journey to anyone who wants to pursue a more "intentional" walk with the Lord.

Christina Roper—The Journey didn't change me overnight, but looking back now, after some time in community with the same group of travelers, it finally hits me how much I learned about myself, my faith, my relationship with God, my relationship with my husband, how I work in a team, spiritual disciplines, and so much more.
